This is a CAPMT program hosted by TVMTA if there are enough participants. If TVMTA chooses not to host it, it is still available through our District IV.

Students are evaluated on theory, sight-reading, aural skills, music literacy, and performance. Three pieces are performed of which two must be memorized. Student is evaluated through performance, aural questions by the judge, and written testing for theory. Student receives written evaluation. Trophies are awarded to participants.

Royal Conservatory Music Development Program

Practical (Performance) Assessments – May (Spring Session) & Theory Assessments – (Summer/Winter Session)

CAPMT & TVMTA have adopted the MDP Assessments as the first nationally recognized and highest quality assessments available. Performance, technical skills, ear-training aural skills, & music literacy are evaluated by adjudicators trained at the Royal Conservatory of Music. All testing through grade 4 is done during the performance assessments with the adjudicator. For grades 5 and up, the theory assessments are taken as a separate test as required. Students that score a 90 or above are invited to perform at the annual Royal Conservatory "Recital of Excellence". Transcripts are available for colleges and high-school students upon request.

TVMTA Spring Music Festival Auditions

This is open to all TVMTA teachers and non-TVMTA teachers (additional fee is required for non-TVMTA teachers).

Students perform 2 pieces before an adjudicator and receive a written evaluation, certificate, and either gold, silver, or bronze medal. **Exception:** Advanced students may perform 1 longer solo piece to stay within time limits. Scores of both pieces are added together to receive one overall score.

This event is good for all ages and levels. Students are evaluated at their own level of playing based on the music that they choose to perform.
