

NCRTAC Performance Improvement Committee Meeting  
June 15, 2022  
Teleconference

Members present: Sara Steen, Dr. Michael Clark, Jason Keffeler, Gina Brandl

Recorder: Michael Fraley

Call to order	Meeting was called to order by Steen.
Data for review	Michael was unable to provide the data previously requested. He will run 2019, 2020 and 2021 data and include SBP and GCS information. Data summary is to be sent to the committee in time to review before the next meeting.
Transfer order time	Discussed the time documented in the registry as the time the transfer was ordered. Understand that there may be differences in how this is captured or what it means to different facilities. Need to discuss with registrars and possibly offer training.
Committee membership	Would like to recruit more level III & IV members including their trauma medical directors.
Definitive Care Committee	It has been suggested that the Definitive Care Committee be dissolved and the duties be moved to the PI committee. The membership is similar and the PI process is the basis of the position statements.
Next meeting	July 12, 2022. 8:30 am
