

# Chris S. Krueger IT Solutions Architect

Objective To work as an imaginative leader of IT projects that bring profound improvement to new-era businesses.

Qualifications 30+ years of experience as an IT Executive, Founder or Principal  
27 years of Management Consulting expertise

Summary of Professional Experience **CIO / Vice President, IT Constructor / Solutions Consultation**

**1988–2015** PEI ([pei.com](http://pei.com)) **Boulder, CO, New York, NY, U.S.A.**

I have passionately dedicated my life crafting Information Technology into a vital and integral “nervous system” for my corporate clients. During my tenure with PEI, I was...

- Co-founder and technical visionary for the company
- Senior Management Consultant and Solutions “Pathfinder”
- Breadwinner who brought in over \$82M in project revenue
- Strategic architect for over 25 key and 180 major customers
- “Rental” Chief Information/Technical Officer (CIO/CTO)
- Responsible for overall technical and consultative direction at **PEI**
- Developed deep IT expertise in Health Care, Banking, Brokerage, Funds/Finance, Construction, Distribution, Manufacturing, Product Development, Intellectual Property, and Retail, as the result of “learning the businesses” of my customers
- Honed strategic and technical skills delivering compliance (SOX, PCI/DSS, GLBA, FIPS, HIPAA, etc.), security (Policy and IT asset management), Business Continuity/Disaster Preparedness, Private/Public Cloud, Virtualization, Service Provider (SP), Internetworking and Unified Communications solutions
- Master of delivering within deadlines and budgets
- An adept advocate and technical evangelist
- Creative developer of new Business Initiatives both for customers and the **PEI** organization
- Guy who speaks both Geek and Boardroom English
- Predictor of all major IT megatrends (mainframe demise, rise of networking, the Internet, Outsourcing, Virtualization, SaaS, Hosting, the Cloud, BYOD) while guiding customers profitably, safely and surely
- ...not the Walrus

Prior to 1988 **TCT/Third Coast Technologies, Inc.**, Milwaukee, Wisconsin  
**President and Principal, TCT**, Unix and Multi-user Systems Manufacturer  
**President and Founder, Integrated Computer Technologies**, HW/Instrument Design  
**Consultant, Various Projects/Clients**, Software and hardware consultation
