## About Us

Grace Garden, a ministry of Coralville United Methodist Church, is a Christian based program located in the heart of Coralville. We are committed to instilling Christian values while preparing children for a life-long love of learning.

Grace Garden knows your child is special. Our low teacher-to-child ratio means more one on one attention for each child. This individualized approach to teaching helps your child develop his or her unique abilities.

## Our Naturescape

Grace Garden offers a unique playground experience. Instead of high metal structures that children can easily fall from, we chose a natural setting using elements found in our own backyards.

Creating a Naturescape allows teachers, parents, and children to work together to build a play area that challenges imaginations and encourages exploration.

## Preschool

Grace Garden Preschool uses an open curriculum allowing our teachers to gear lessons toward each child's individual needs and interests.

### Typical Daily Routine
