SOME DRAIN PIPE, AND GET THAT RIVER FROM

RUNNING THROUGH YOUR LIVING ROOM THIS YEAR!

Our island fuel distributor chooses to provide only best of quality Top Tier fuel to all of their island station customers. We appreciate their attention to top quality and service.

I wanted to proudly display the Top Tier logo on our pumps. I was informed that only "branded" stations were allowed such privilege. I guess that even though we sell our private label, Passing Gas, with you know what special additives that shall not be named, it must remain a secret.

A man came across an eagle who had fallen into the water and was unable to move. The man quickly drove his boat over to rescue the bird. Once on board the boat, the man tenderly held the eagle in his arms and provided warmth for the bird with his own clothing.

After taking the eagle to a hospital for a checkup, which confirmed that the bird had recovered and was in good health, the man gave his new friend a fish and released him into the wild.

The next day, while resting in his backyard, the man received a remarkable gift. An eagle flew over him and released a live fish! Was this the same eagle and did he purposely let go of the fish? I'd like to think so.

Don't Just Aspire To Make A Living Aspire To Make A Difference
