                  T & Th: 3-8

Dr. Gerry      M, W & F: 1-8  
                  S: 9-1

# Happy 54<sup>th</sup> Anniversary

## Strauss Chiropractic Center!

Imagine a young Dr. Joe Strauss, finally done with his 3-yr, daily commute to New York City where he attended Columbia Institute of Chiropractic to achieve his goal of becoming a chiropractor. It's October 2, 1967 and he opens the door to his very own chiropractic office for the first time, never imagining the enormous amount of people he would serve, lives he would touch, and difference he would make over the years to come (mostly because no one came in that day).

Since that time, the Strauss Chiropractic Center has seen over 80,000 different people and given literally millions and millions of adjustments. Many of the people who came to the office continued to see Dr. Joe for regular spinal checks and adjustments for 20, 25, 30 and some even continue coming here today.

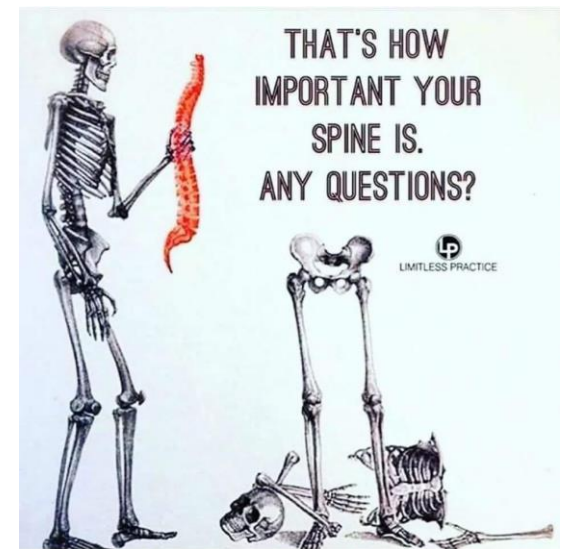

Many of the people who have availed themselves of the exceptional service at the Strauss Chiropractic Center (voted Best of Bucks multiple times since 2002) have noted with sincerity and gratitude that they would not have been able to get the care they needed if it had not been for Dr. Joe's vision of creating a place where all people could receive regular, affordable chiropractic care over a lifetime.

Dr. Judy started at Strauss Chiropractic in 1992 as a chiropractic student intern and became an associate doctor immediately after graduation in Jan 1993. She practiced with Dr. Joe for 20 years before his retirement and because she always loved the way the practice ran, she didn't change a thing when she became the second owner of Strauss Chiropractic in 2013. To assist her in the office, Dr. Judy brought on Dr. Randy in May 2014 and Dr. Gerry in August 2016.

As the Strauss Chiropractic Center begins its 54<sup>th</sup> year of serving people, we recommit ourselves to providing that same kind of place--where whole families can have their spines checked and adjusted as necessary because everyone is better off without interference in their nerve system.

### **CANDY CORN CONTEST!**

Starting on October 18th, you can guess the number of candy corn in the jar every time you come in to have your spine checked! The winner will be the person who guesses the closest without going over and he or she will receive a prize specially chosen for them! The contest ends October 28th. The winner will be announced on November 1st.
