

Tacoma Kennel Club ~ April 18th & 19th, 2020

Breed Education Booth Reservation

Booth area will be approximately 10ft x 10ft. A minimum of one table will be provided for each booth. ALL booth decorations must be fire retardant, or sprayed with fire retardant spray. An "ABC" fire extinguisher must be available at each booth. No nails, staples, or tape will be allowed on walls, floors or other Dome property. Well-behaved dogs are encouraged to be at the booth. If you need power, this must be reserved ahead of time. (There is an additional charge for power.) To keep costs to a minimum, the booth spaces will be marked out with tape (or similar marking), no pipe and drape will be used. You are welcome to use "pop-up" canopies for your booth. However, the tops must be removed to allow fire suppression systems to function in the Dome and your 'frame' must fit completely within your 10x10 space. The 'Breed Booths' will be along the front wall and a free-standing row in-between the wall and the rings. All booths in the free-standing row will need to have a 'back' to their booth. This can be a sidewall to the canopy, etc. We will do our best to accommodate requests for positions but this will be on a **first come/first served** basis.

Priority will be given to FSS & Misc breeds. But all AKC breeds will be welcome as space allows.

By participating in this event you agree to follow AKC rules and Code of Sportsmanship. No selling of animals is permitted. All Reservations are due by March 1st, 2020 unless spaces are filled prior to this date.

Each 10x10 space is \$50 for the weekend. Power is an additional \$35 for the weekend and only available along the wall. (If you have reserved 2 spaces and require power you only need to pay for the power one time...not per space.)
