**2019 Awards Dinner
Sunday February 17, 2019**

Tonight's speaker, Neelley Hicks, is a Deacon at Glenciff United Methodist Church in Nashville. She founded Harper Hill Global (a 501c3 non-profit) to primarily train women to use different forms of communication (storytelling, broadcast, and technology) in addressing social issues of today.

Our award winner, Krista Mills, is a single mother of four living in LaVergne, TN. She is attending Tennessee State University where she is studying sociology. Quoting from her application, she feels that "children deserve someone who will fight for them and give them the life they deserve". One of her references stated "She is a hard worker who has always put her children first".
