*1) Hungry/thirsty on the way? Stop in at [Tommy & Di's Rustic Inn](#). 10 miles after getting onto Cr-CW, turn right on Cty-P/Brown St. Inn is 500 feet down, on the right. Bar & Restaurant. Full menu, reasonably priced.

*2 Looking for a nearby place to eat after visiting Holy Hill? A couple of favorite stops include:

The [Barbecue Company Grill and Catering](#)—a small venue at the intersection of Hwys 167 and 83 on the return route. Or just 8 miles north on Hwy 83 in Hartford is the [Mineshaft](#)—a unique restaurant, bar and game room offering a full menu with large portions at a reasonable price. Another half block to the north on Hwy 83 is the [Scoop de Ville](#) offering a great selection of homemade ice cream —cones, sundaes & malts nostalgic candy, roasted nuts sandwiches, soda fountain drinks & more! A SOAR favorite.

*3 After turning onto Cr-C you should come upon [Hollywood's Roadhouse Bar and Grill](#), home of the Fat Boy 1 pound burger for \$12. Their Wednesday Wing Special is worth the trip! Stop by for a cold one on the deck.

*4 Shortly after the Hwy 16 overpass you'll find the [Picnic Basket Restaurant](#), known for their handcrafted subs, sandwiches, wraps, pizzas, salads, desserts and more.

*5 Cr-C/Genesee St is the main drag through Delafield. If this quaint village brings to mind a Lang Greeting card it's because it is—literally. Robert Lang rebuilt downtown Delafield, constructing nineteen traditional commercial buildings. If you've got the time, check out some of [Delafield's Specialty Shops](#).

*6 If you pass on the custard detour and continue on the planned route you'll pass [Stolley's Hog Alley](#). You don't have to be a biker to feel welcome here. The "just like home cooked" food is both awesome and reasonably priced.

*7 Concord Center Dr takes you past the infamous [Concord House](#). An old turkey barn turned dance hall and the site of the 1980 Sweetheart Murder by Edward Wayne Edwards.
