

2020

FOOD SAFETY MANAGER CERTIFICATION ONLINE

Arizona has adopted the 2017 Food Code. This requires that a Certified Food Protection Manager (also known as Certified Food Safety Manager or Person in Charge) must be onsite at all times during operating hours. Certification includes passing an ANSI approved exam. Each county is in the process of making changes to include this in their current food code.

Always Food Safe training from Nutrition Alliance, LLC is your solution. This ONLINE coursework and exam, is approved in AZ. You will receive an ANSI approved Certified Food Protection Manager Certification upon passing the exam. Scores are available immediately! Training is 100% online. The 80-question online test is proctored in person and is available in English only, at this time.

You are required to provide your own laptop/tablet for the online test.

Time: 2 Hours. Location and time to be scheduled individually. 10 per site.

Cost: \$129 (includes 4 – 8 hours online training & proctored exam)
