DESCRIPTION: This is a nice old reconditioned BP Pony semi-recurve bow. Walnut and Maple Riser. Left/Right Hand. A leather grip has replaced the original tape grip. The little plastic arrow rests that came with the original Pony were missing, so the bow will need to be shot off your gloved hand, or apply the **plastic flipper style arrow rests (one R and one L) that will be included with the bow, along with a brand new string**. Bow has no delamination; no cracks; limbs are straight. No chips or cracks. No stress lines or crazing. A few minor scratches, nicks and dings here and there. Decal is a reproduction. Overall, this is a really nice bow in excellent condition for its age. At 40# this bow could be used for hunting.
