

Dear Manufacture Home Owners Living on Leased Land.

As proud Delawareans we are thrilled to share that DMHOA will be participating in a monumental statewide campaign this March 4<sup>th</sup>-5<sup>th</sup>.

With fewer foundations, smaller grants and formerly localized investments now leaving the state, the impact on individuals like you is more important than ever in ensuring:

- DMHOA will continue to provide education to all residents on their rights.
- Provide day to day assistance on how to address their concerns to the DOJ or Legislators.
- Assist in preparation of complaint documentation with numerous agencies.
- Provide guidance/interpretation of Title 25, Chapter 70, related to rent increases, sales of homes, lot rent transfers, etc.

Lastly, the above is a short list of what DMHOA does for Manufactured Housing Homeowners on leased land.

Can you imagine what life would be like for **you** if the work we do stopped tomorrow? The community you care about relies on your support in **helping to establish fair housing laws, creating a Manufactured Housing Emergency building fund, etc.**

And it's not just our work that makes Delaware a great place to call home. Even in our small state, there are more than 5,000 nonprofits working each day to provide education, culture, health care, shelter, a quality environment and more.

**But the future of the work we do is not at all assured.**

We must do more! We must work together to ensure the continuation of the critical services that make Delaware safe, special and sustainable for future generations.

**For 24 hours from 6 p.m. March 4<sup>th</sup> through 6 p.m. March 5<sup>th</sup> we are asking you to do more with us. Please give to Do More 24 Delaware.** Over the next few weeks, we will be sharing more about getting involved and what your help creates for the state. Here is the link to our page:
