Thank you for your recent email to Senator Randy Vulakovich regarding circumcision of infant boys. He appreciates your concerns and comments. However, he is of the belief that the decision to circumcise a baby is between the parents and the physician in charge of the child. He will not be introducing legislation of this nature. I know this is not the answer you were seeking. We do appreciate your concerns and look forward to hearing from you in the future.

Melissa Farabaugh
Chief of Staff
State Senator Randy Vulakovich
