

Tech Meeting

March 21, 2019 1:00-3:00 FREE

ROE #8 Office 27 S. State Avenue in Freeport

Join your colleagues for a day of networking!

ROE 8 and the LTC (Learning Technology Center) have organized a series of roundtable discussions for technology coordinators in the region. Our goal with these is to allow you a place to come and discuss topics and issues your districts face in regards to technology and provide a space to discuss solutions for those issues. Join us as we collaborate and share best practices for technology use in school districts.

Presenter: Ben Sondgeroth
