

ADD/ADHD CONNECT

a SPEAC program

Share and Support Group for Parents and Caregivers

2019-2020 Schedule

PARENT SHARE & SUPPORT GROUP

A forum in our community for parents and caregivers to share information, make connections, and get support. Meetings will be an open discussion format. A topic will be provided at each meeting to get the discussion started. Parents and caregivers are encouraged to ask questions, seek support on struggles they are experiencing or anticipating, and share strategies that have worked for them. Your child does not need to have an ADD/ADHD diagnosis. We invite parents and caregivers of a child in public private, or home school with ADD/ADHD-like symptoms to join us.

7:00 PM. Maple Glen Elementary School Library, 1581 Ft Washington Ave, Maple Glen 19002.
