EGG COOKING STYLES

Scrambled - Eggs are cooked all the way throughout and still firm and fluffy.

Hard Scrambled - Eggs are cooked all the way throughout, while good they can be dangerously dry.

Soft Scrambled - Eggs are sometimes referred to as "wet." Where the eggs are cooked but not dried up.

Sunny Side Up - The yolk is runny with partially set runny whites. The runny yolk is great for dipping toast into.

Over Easy - Egg is flipped and cooked just long enough to make a film on the top of the yolk. When served, the yolk - and some of the whites - are still runny.

Over Medium - Is the next step after over easy: they're fried, flipped and fried a little longer, whites will be firm with runny yolk. Good for those who like the dipping toast without runny whites.

Over Medium Well - If you are particular about your eggs not having any possibility of having slightly runny whites and still like a little runny yolk.

Over Hard - Over hard is fried, flipped, and fried again with the yolk broken - until both the white and the yolk are completely cooked.

Poached - egg is boiled without the shell and cooked SOFT with runny whites and yolk, MEDIUM with runny yolk and no runny whites or HARD with no runny yolk or runny whites.
