Enduring Legacies

Eric Aanenson and Kate Herzog remembered with profound gratitude.

Eric Aanenson, long time Shoreview resident, provided community leadership in numerous ways. He and his wife, Dr. Tracy Aanenson, have donated over \$140,000 to the SCF for people and programs. His generosity to the SCF endowment provides grant support in perpetuity helping ensure future community needs will be met.

Long time resident, **Kate Herzog**, shared her inspiring story of creativity, survival and generosity as a speaker at an “Evening With Friends” dinner. The company she founded, House of Talents, provided an outlet for women to market their creations across the globe.

Both of these Shoreview residents with significant ties to the Shoreview Community Foundation passed this year. Examples of dedication and serving others, they will be missed by our entire community. Sincere gratitude and sympathies are extended to both families.
