Please note, that if you do not verify these items with your insurance, you may receive an unexpected bill. Even though we are in-network with most major plans, there are many types of insurance, and coverage varies greatly. By verifying your benefits, you could also save yourself from overpaying at the time of service. Refunds for overpayment cannot be issued until you have been discharged from therapy and we have received payment from your insurance company for all your visits (which could take up to 30 days or more). Thank you for taking the time to verify your benefits. If you have any questions, please let us know.
