Thank you for choosing Ex Umbra Defense Solutions to administer your HR-218 required firearms qualification course. As a “retired/honorably separated” former Law Enforcement Officer with over 10 years service you are able to carry concealed firearms nationwide, subject to the firearms qualification rules of the law.

The fee for the qualification/requalification is \$50.00 (\$2.00 extra If paying by credit card) The fee includes two attempts at the course of fire. This either gives you an additional attempt in the event of a non-passing score, or an opportunity to fire the course with a second type of firearm as you desire. You are required to purchase your own ammunition. No reloaded ammunition is allowed. **SHOULDER HOLSTERS ARE NOT ALLOWED.**

Once you successfully pass the course of fire I will issue you a CJSTC-600 firearms proficiency card. My issuing you the card only means that you have passed the course of fire...you are responsible for the other eligibility aspects of the law.

The course of fire that I will administer is a test, not a training course. There is no guarantee that anyone will pass the course. In the event that you fail both attempts at the course I can provide remedial training at my usual hourly fee.

The qualification course will be conducted strictly in accordance with state requirements. I have a duty as a state-certified instructor to ensure that your target has the required number of scoreable hits. The course of fire is 40 rounds and requires a score of 80% (32 hits) in the 4 or 5 scoring area (see graphic). If you are firing a 5-shot revolver the course of fire is 34 rounds, with a passing score of 27 hits (80%).

You must bring a holster, and I recommend speed loaders or spare magazines. The chart below describes the qualification course of fire. Please make yourself familiar with it as this will cut down on the time required to fire the course. Feel free to contact me if you have questions or need additional information.
