

MIDWAY

NURSING HOME

9-16-20  
VISITATION

Good Afternoon Midway Nursing Home Residents & Loved Ones –

As you may have heard, the NYSDOH issued new requirements related to resumption of limited nursing home visitation. Among other requirements, the facility has to submit a new visitation plan to the Department of Health. We plan to do this by the end of the week so that hopefully, we can begin visitation sometime next week.

There is no visitation permitted at this time at Midway. Until we get approval of our plan, there is no date yet approved.

The new plan will be similar to the prior plan which was sent to you. This includes but is not limited to: No visits to residents that are on isolation precautions or are quarantine may receive visitors. Visitation is strictly prohibited in resident rooms and care areas.

New requirements include: Visitors under the age of 18 years old are prohibited from visiting residents at this time & all visitors will be required to present a verified negative COVID test result within the prior 7 days of the visit.

We will keep you updated through the calls and all notices are posted daily on our website: [www.MidwayNursingHome.com](http://www.MidwayNursingHome.com) under the “COVID updates” tab.

We will keep you updated about our progress toward resuming limited visitation.
