## Getting to Know Yeshivah Prep

Yeshivah Prep provides its students with an educational experience aligned with the frameworks and standards of the New York State high school curriculum. Our goal is to equip our students with the knowledge and skills they need to graduate with a New York Regents diploma and to prepare them for college and/or careers.

Our classes are comprised of small student to teacher ratios offering our students opportunities to receive individualized instruction. Smaller class sizes allow teachers to address each student's specific needs, enabling them to reach their full potential. Our staff is comprised of a team of professional teachers and rabbis as well as a guidance counselor. Yeshivah Prep graduates emerge as self-aware, confident young adults possessing the skills they need to succeed.

At Yeshivah Prep we offer an extensive array of programs including, but not limited to: Regent prep classes, Jewish Hebrew curriculum, CPR, first aid and nutrition, foreign language, public speaking, journalism, psychology, art, music instruction, physical education, safe health education, field trips, Senior year internships, and college guidance. Our students participate in many socialization and educational programs with Yeshivah of Flatbush High School. Throughout the day students walk the short distance between the high school facilities to take part in peer activities. Some of these programs include school assemblies, youth seminars, daily minyan, Rosh Hodesh Kumzitz, hesed opportunities, clubs and sports teams.

Yeshivah Prep provides rigorous college preparatory instruction. Students are assisted with the many college and/or career choices commensurate with their interests and abilities. In addition, professional guidance counselors help students and families navigate the college admittance process. The Senior Year Internship Program eases the transition from the classroom to the professional world. Past internships include teaching, journalism, legal assistant, sales, medicine, reception and more. We even had a student intern for State Senator Simcha Felder!

As the students enter eleventh and twelfth grades, they begin to set goals for their future. It is especially rewarding to observe and see the students accomplish what they set out to ie. captain of the swim team in YOF, gaining acceptance to College of Drama of NY, entering the Israeli army...

In addition, we strive to help our students grow and develop on a social and emotional level. It is a pleasure watching our students gain self confidence as they master the academic skills and progress from one grade to the next. Our staff is dedicated to motivating students and allowing them to grow both academically and socially.

# YESHIVAH PREP HIGH SCHOOL

STRIVING FOR EXCELLENCE

SAFETY

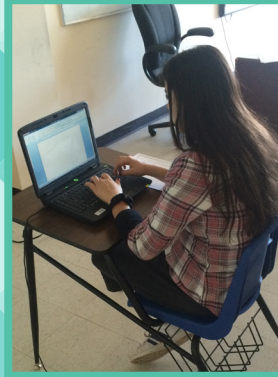

## Yeshivah Prep Students Listen to the IDF

The students of Yeshivah Prep High School had the honor and privilege of hearing a current IDF Colonel speak at the auditorium of Yeshivah of Flatbush. The colonel discussed the extraordinary measures Israel and the IDF take to limit civilian casualties as much as possible in their fight against terror. He explained how they make decisions in the field and the effort they make to maintain their high level of morality. He showed the students examples and situations where the IDF operates in a more difficult way and at a steeper financial cost just to preserve human life.

He stressed that as the students go out into the world, they are all ambassadors for Israel so it's important for them to understand the facts, and their responsibility to spread the truth.

## New Computer Lab at Yeshivah Prep

We are very pleased to announce the installation of a new computer lab at Yeshivah Prep. Ten state of the art computers, fully loaded with educational and office software, and all appropriate filters are being installed. The computers will be an invaluable tool for study and research.

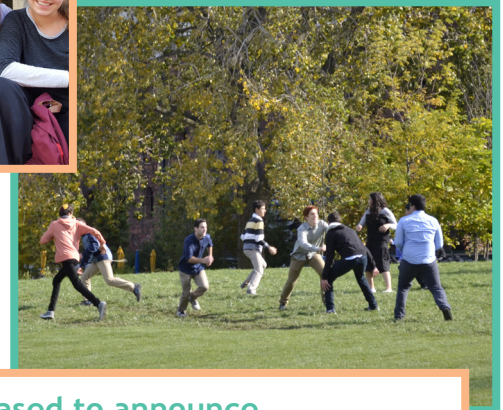

## Commissions Fair

At this year's Commissions Fair in Yeshivah of Flatbush, Yeshivah Prep High School Students signed up for the extracurricular clubs of their choice including sports teams, music and band, advanced art, the Israeli awareness program and more!

## Fun Times with YOF

This past month there were many opportunities for Yeshivah Prep High School students to partake in fun activities with their peers in Yeshivah of Flatbush. They enjoyed programs such as Freshman Ice Cream Day, Sophomore Day and the Senior scavenger hunt at Grand Central Station. The students got involved in chesed as well at the Cooking for a Cause event in YOF, which was led by our own Susan Sorscher.
