| 1. _____ | 2. _____ |
| 3. _____ | 4. _____ |

IF YOUR PROPOSAL COVERS ITEMS I - VIII, YOU MAY SIMPLY ATTACH IT. OTHERWISE, YOU MUST COMPLETE THE FOLLOWING:

I. Living plants or other materials to be removed and location.

II. Description of landscaping alteration or addition. (Dimensions of bed, planting or other improvement and its location in relation to existing structures or landscaping). A sketch will be helpful, but is not required. Attach additional page if needed.

III. Kinds of plant(s) to be used and projected height(s) & width(s) at maturity. Preference should be given to native plants.

IV. Type of maintenance required for landscaping project; plants should require minimum maintenance.

V. Person or persons responsible for maintenance, including watering:

VI. The project will be accomplished by: _____ Neighborhood volunteers _____ Qualified contractor _____
_____ ROA grounds personnel

VII. Will this project necessitate changes in present grade or drainage patterns? _____ Yes _____ No

If "yes,"
how?

VIII. Estimated cost of project: _____

IX. As indicated by the following signature, we have received approval from the Board for this expenditure.

(Board President or Treasurer, Office Manager)

X. We hereby request approval of the project described above. To the best of our knowledge and belief it is not in violation of any specific guidelines in the ARCHITECTURAL AND LANDSCAPING GUIDELINES, Section 5.5 of the COVENANTS. We understand (as per Guidelines, Introduction, Section VI, Page iii) that previous approval of a similar project does not necessarily constitute a precedent for approval of our project. In addition, approval of this project does not negate the necessity of submitting a "request for approval" of a similar project in the future. Our signatures below signify that we have given all homeowners in our neighborhood an opportunity to see this plan and ample time to react to it.
