@VRMGraphicl

Description: Creative, skilled and versatile graphic designer and desktop publisher specializing in marketing and bringing extensive documentation experience to unique and effective marketing campaigns.

Accomplishments:

- Designed an ad for DexMat, a startup originally from Rice University that manufactures high performance products made from Carbon Nanotubes
- Completed over 800 marketing collateral pieces (brochures, flyers, etc.) plus technical manuals for recent employer
- Acclaimed by entire sales department for producing 40-Page Corporate product catalog that was "flying off the shelves" to prospective clients
- Created conceptual designs and managed project implementation for Offshore Technology Conference visual display presentation of employer's 300+ products and services
- Extensive experience applying independent graphic design in cooperation with internal clients and marketing teams
- Demonstrated ability to use time management skills to produce high quality work on multiple projects under conflicting deadlines
- Advanced mastery of multiple software programs, enhancing quality of graphic design achievement
- Software: Adobe Creative Cloud, Adobe InDesign, Adobe Photoshop, Adobe Illustrator, Adobe Bridge, Adobe Muse, Keynote, Microsoft Word, Microsoft Excel, Windows Live Movie Maker. Mac and PC experience.

Experience:

Texas Tools: Marketing - Planning, Design, Implementation — 2015 to present

Contract Projects include 100-page convention booklet

National Oilwell Varco — *Corporate Marketing, Technical Publications*, 1990 to 2015

Designed and produced a wide variety of brochures, catalogs, flyers, digital graphics, ads, equipment posters, HSE (Health, Safety and Environment) posters, placards, forms and operations manuals. Applied updated branding to design. My designs made up a large percentage of the marketing collateral on display at the Offshore Technology Conference and numerous trade shows worldwide. My brochures and flyers were displayed either by print or on the eLit (booth display screen) stations. In addition, some brochures and flyers were designed in multiple languages for international markets.

Projects:

- Land Rig Portfolio: 40 page catalog of land rigs
- Pressure Control Catalog: 150 page catalog of blowout preventers and other pressure control equipment
- Coiled Tubing Manual: 300+ page manual of coiled tubing/well completion products
- Supported Corporate and divisions in creating PowerPoint presentations; assisted website team with online content

Information Development Incorporated — *Documentation Specialist*, 1988 to 1990

Projects: software manual for Shell Research Center; user manuals, training handbooks

Entry Control Systems — *Inside Sales Rep.*

Projects: generated high volume of sales leads, designed newsletter

Pullman Kellogg (Engineering and Construction) — *Training Technician*

Projects: Produced and edited training video on "Ultrasonic Calibration and Application" explaining the American Welding Society code for non-destructive testing of welds; training videos on various aspects of construction, heavy equipment operation, engineering drawings, and other industrial related topics

Education:

- Bachelor of Arts, Radio-Television, University of Houston
- Regents College Scholarship recipient
- Studied German language in high school and college for total of seven years; basic proficiency
- Microsoft Certification Exams: Network Essentials, Windows 95, Windows NT

Organizations:

- AIGA (American Institute of Graphic Arts)
- AHEPA (American Hellenic Educational Progressive Association)
- ASQ (American Society of Quality)
- MFAH (Museum of Fine Arts Houston)
