WILD WATER

WATERING SYSTEM

INTRODUCING WILD WATER, NEW FOR 2015

Wild Water™ is the air tight watering system for all the wildlife on your property. Reduce the effect disease and dehydration can have on your deer herd. Fill the wild water concealed tank and let it flow into the water trough area. Once it's filled to capacity the air tight system will shut itself off until water is needed again. Feed multiple animals at one time. NO Valves, NO moving parts, NO PROBLEMS!! PATENT PENDING.

FEATURES:

- 100 Gallons
- Adjustable Trough
- Clean Water
- No Tank Evaporation
- Strategic Water Placement

STEALTH TECHNOLOGY

SILENT SWING WINDOWS

Made of durable acrylic-glass, this kit includes windows for a 360 degree view. This window system incorporates our silent window design. All windows are completely sealed for water and scent control. Greased cabinet hinges provide silent window movement under any condition.

CLIMATE CONTROL VENTS

Also known as louvers, these vents help control the humidity and temperature in your stump blind. All blinds are equipped with 2 vents that are positioned high and low to get complete pass through of air. All Vents come with a built in Bug screen.

SOLID BASE FLOOR

All stump blinds come equipped with a 3 layered floor system. First is a steel base that provides strength, second is polyethylene that provides lifetime protection, third is the wood sub-floor that adds stiffnedd and quietness. Floor mat can be added to floor for sound proofing.

GUN SHELF

When hunting out of any blind, having a proper way to store your gun is essential, The gun shelf is exactly that. The gun shelf holds your gun and the rest of your gear in place when hunting in a Banks Blind.
