

Spicewood at Bull Creek Homeowners' Association
October 10, 2011 Board Meeting

President Eloy Rodriguez called the meeting to order. Dan Sieczkowski presented the Treasurer's Report. There was no income this month and minimal expenses. John Eaton moved to accept the report.

In old news, the light pole that was knocked down in a recent auto accident has been replaced by Pedernales. One of the two mail boxes that were destroyed also has been replaced. John Eaton was unable to find any police report of the incident. Eloy and Dan met with the bank to get Eloy's name added to the association's account.

The closure of the Spicewood Golf Club has forced location and date changes to the association's annual Fall Fun Fling. Sue Rodriguez will inquire if the management would consider reopening the Spicewood facility just for our event. If they will not, she will work with Balcones Country Club to set a new date, potentially October 29. She will prepare new fliers when the details are set, and Lynn Ricks, Martita Lopez, and Karen Kolar will deliver them to each household. In addition, new e-mails will be sent out, and Harry Cropper will update the Website. Since the potential date is so close to Halloween, attendees will be encouraged to wear costumes.

In new business, Karen Sieczkowski has agreed to coordinate holiday tree sales again this year, but she needs volunteers to deliver the trees to the houses. There was preliminary discussion regarding the place and time of the board's annual dinner.

The next board meeting is scheduled for Wednesday, November 9, at 7:00 at Randy Patterson's house.
