

## **Staff Training**

We can provide training to staff at a health care facility or at any business. We can offer a 30 minute (or longer depending on individual needs) interactive diabetes education presentation to staff including a blood glucose screening booth if required. The team offers to go to health fairs.

If interested please contact [samantha.ball@hpha.ca](mailto:samantha.ball@hpha.ca) or call 519-272-8210 Ext. 2366.
