## UNSURE ABOUT HOW THIS MIGHT IMPACT YOUR INSURANCE RATES?

# DWI?

Violations and insurance points can significantly impact your insurance rates now and for many years in the future.

Call us and we would love to give you a confidential and competitive quote!

### Steps to take now

1. Take a deep breath and relax. Insurance rates have decreased in the past few years for drivers with points and violations.
2. Grab your existing auto insurance policy and call us or stop by our office. If you do not have your policy, that's okay! Call us with a VIN number, address, a date of birth and your driver's license number.
3. We will take your information and provide you with the best advice, information and quote that our agency has to offer you!
