Vital Pro
Compact Countertop

Combining functionality and flexibility in a compact, user-friendly POS

Vital Pro is a cost-effective integrated POS that removes clutter from your countertop. This efficient unit replaces older stand-alone terminals and ECRs by combining the functions of card payments and software to help manage their business in an all-in-one compact design. This helps you process transactions quickly, securely and efficiently, even during peak hours.

Android OS

EMV Chip & Signature

Magnetic Stripe Reader

Contactless (including Android Pay, Apple Pay® & Samsung Pay®)
