NOTE November meeting is our election meeting, I strongly urge as many of you who are able to attend to please do so and run for a position. I truly believe that changes in these positions every few years keeps ideas fresh and more interesting.

Hey Gang!

I hope everyone in the club has had a nice summer, but once again it is time for the trail work to start and the white stuff can fall. As you may have heard we lost the Brown Hut bridge to high water in September and a culvert washed out also. Just goes to show how Mother Nature can be wicked as well as sweet. Please help out if asked so we can all have a trail to ride. We had an off season fundraiser thanks to the 400 Club in Altoona where we made a few bucks on a tv. Thanks Paul! I would like for someone to organize a club trip or some other event because we need to make this organization fun. Please come to the meeting with ideas or contact a board member to volunteer.

Think Snow!

Wayne Johnson

NOTE

Due to the Insurance you have to be a club member to work on the trails

A FEW LITTLE THOUGHTS FOR TODAY

I changed my car horn to gunshot sounds. People move out of the way much faster now.

You can tell a lot about a woman's mood just by her hands. If she is holding a gun, she's probably angry.

Gone are the days when girls used to cook like their mothers. Now they drink like their fathers.

You know that tingly little feeling you get when you really like someone? That's common sense leaving your body.

I don't like making plans for the day because then the word "premeditated" gets thrown around in the courtroom.

I didn't make it to the gym today. That makes five years in a row!

I decided to change calling the bathroom the John and renamed it the Jim. I feel so much better saying I went to the Jim this morning.

Dear paranoid people who check behind shower curtains for murderers, if you find one, what's your plan?

>>> A man and his wife moved back home to Minnesota from Arizona.

>>> The wife had a wooden leg, and to insure it in Arizona was \$2,000.00 per year!!!

>>> When they arrived in Minnesota, they went to Sven's Insurance Agency to see how much it would cost to insure the wooden leg. Sven looked it up on his computer and told the couple, "\$39.00.

>>> "The husband was shocked and asked why it was so cheap here in Minnesota to insure, because it had cost him \$2,000.00 in Arizona!!

>>> Sven turned his computer screen toward the couple and said, "Well, here it is, direct from Ole's Minnesota Fire Insurance Company, it says:

>>> Any wooden structure, with a sprinkler system over it, is \$39.00."

>>> I always did find the Minnesota logic far superior to most others.
