

Our Mission

Vital Care Health Systems is a home health agency guided by a tradition of personal, clinical, and technological excellence. We are dedicated to providing the highest quality home-based patient care with compassion and respect for each person in the most appropriate, adequate, efficient, and effective way possible.

Our Values

We at Vital Care Health Systems recognize our role in fulfilling our mission by showing:

Commitment to Patients

We recognize the unique physical, emotional and spiritual needs of each person receiving health care in their home. We strive to extend the highest level of courtesy and service to patients.

Commitment to Leadership

We deliver state-of-the-art home health services with identified centers of excellence.

Commitment to Excellence

We strive to create an environment of teamwork and participation where through continuous performance improvement, healthcare professionals pursue excellence and take pride in their work, the organization, and their personal development.

Vital Care Health Systems

Where Caring Comes From The Heart

OUR SERVICES

Skilled Nursing

Our professional trained registered nurses and licensed vocational nurses combine the science of nursing and the art of caring in performing different procedures and interventions such as, but not limited to:

- ✓ IV Therapy
- ✓ Wound Care
- ✓ Incontinent Care
- ✓ Post-Surgical Care
- ✓ Cardiac Health Management
- ✓ Ostomy Care and Instructions
- ✓ Anticoagulation Management
- ✓ Diabetic Care and Management
- ✓ Medication Therapy Management
- ✓ Specialized Care for Other Chronic Conditions

Physical Therapy

Our highly trained physical therapists gear their plan of treatment towards the development and restoration of muscle joint function. Their area of expertise includes: establishment of home exercises specific to each patient, muscle strengthening and gait training, instructions in the safe use of assistive devices at home, and assistance in pain management.

Occupational Therapy

Our team of professionals categorized under this service aim towards achieving the patient's maximum potential in the performance of activities of daily living. Their focus is with patients who have upper extremity weakness, limited upper body range of motion, decreased fine motor control, as well as patients that require instruction in energy conservation.

Certified Home Health Aide

Our patient team of CHHAs, under the direct supervision of our clinical staff, provides assistance with activities of daily living such as personal care, meal preparation, ambulation, and exercise.

Medical Social Work

Our compassionate social work staff concentrates in a wide variety of tasks to meet the patient's social, emotional, financial, and environmental needs. Such tasks included, but are not limited to:

- ✓ Exploration of alternative living arrangements
- ✓ Assistance with Activities for Daily Living
 - ✓ Meals
 - ✓ Housing
 - ✓ Self Care
 - ✓ Transportation
- ✓ Counseling with Medicare, MediCal, and Other Insurance
- ✓ Education on Advanced Directives
- ✓ Homemaker/IHSS Assistance
- ✓ Long Term Planning
- ✓ Counseling
- ✓ Benefits

Speech Therapy

Our specially trained professionals providing this service does not only concentrate with the obvious communication deficits but they also focus on clients with cognitive deficits, people affected with poor gag reflex, swallowing difficulties, and memory disturbance.
