The River Falls Gymnastics Club is a great non-profit program with a long history in River Falls. Our program first began through the Continuing-Ed programs at UWRF and has continued on as an independent non-profit organization, as we are today. Our Club currently offers positive, creative and self-esteem building classes to over 400 children ages 18 months through 18 years from many surrounding communities. As many of you know, gymnasts from our program have gone on to be first and foremost great leaders, team members, students and individuals. Secondly, many have also become State Champions and Collegiate athletes.

We are excited to share that we are getting closer and closer to our new building goal and plan to break ground next year - August 2018! We have some exciting fundraising opportunities this year to help us meet our financial goals for our new building. Families are not required to participate in these fundraisers, but we hope you join us for these great opportunities to raise funds for our new building.
