## Events:

May's shooting competition was the 38 special snub nose and 38 special regular.

The TPPC Shooting League competition has started for this year. May's distance is 10 shots at 12 yards. Turn your target(s) into Leonard at the June's Members meeting. It is not too late to join the competition; your 7 best targets will count towards the competition.

**License to Carry (LTC) Practice:** These are held every other Thursday night from 6:00 to 8:00 PM. The next dates for the May 16 and 30. Daytime LTC practice on Tuesday May 21 at 9:00 AM. The participants get the opportunity to practice drawing from their concealment with their everyday carry pistols. All participants are closely monitored to provide a safe and fun atmosphere. There are multiple scenarios and barricades to practice various aspects of defending oneself if the situation ever presents itself.

**Action Pistol:** Practices and holds their events every other Wednesday starting at 6:00 PM. The next one will be on Wednesday the May 22

**TPPC Member Only Action Pistol:** This event is for members only on Monday May 13 starting at 6:00 PM.

**Lady's Night:** Lady's. Our next lady's night will be May 24 from 6:00 pm – 8:00 pm. You may come at 6:00 or 7:00. There will be a safety briefing, then shooting in the range. Free for members, \$5 for non-members. You may bring your gun, or there will also be pistols and ammo available for use. Minors above 12 years of age are welcome while accompanied by an adult.

**Range Wall\Ceiling Count Meter:** This count meter was starting after our Range Upkeep week (May 4): Current count 5 (within 2 weeks)

Now, here's the drill when reloading for handguns:

- 1) Resize and decap the case.
- 2) Re-prime the case.
- 3) Expand the case mouth and drop the powder charge.
- 4) Seat and crimp the bullet.

As in the rifle example above, you might perform operations like seating and crimping separately. On the other hand, you might have the option of combining steps. Typically, most ordinary rifle die sets consist of just two dies — a resizer/decapper and a bullet seater/crimper.

Handgun sets will have an extra case mouth expansion die, either stand-alone or built into the powder measure die. Many handgun presses (turret and progressive) are set up so that the powder drop die is attached to the case mouth expansion die. That saves a station on your press.

### Loading For Revolvers

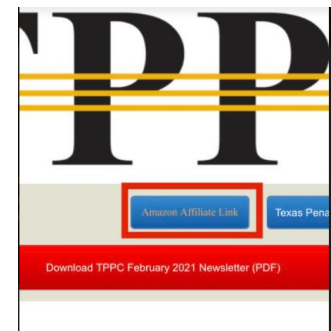

What about wheelguns? Pretty much everything is the same except for crimping.

## What is happening at the Club?

### Range Maintenance & Update Week

The range was be shut down the last week of April, from the 28<sup>th</sup> to May 4. Over 700 manhours were spent with the range maintenance \ update week. The range looks nice and do your part to keep it that way. We recognize those that helped and brought tools. It couldn't be done without you. The wheels on the gate were changed to make it easier to operate. The club spent around \$3700 to do the upkeep.

### Gun Show

The club will have tables set up at the gun show on May 18 and 19. You may sale your privately own guns and an FFL will be present to assist with the paperwork.

### Safety Class is still available online or in person after April's Members Meetings.

You can take the classes in person after the club meetings. All new members will be required to take the class in person.

There is also an online class existing members can view anytime.

### Other New Items

The new sweatshirt is available for those that would like it. See Marcus if you are interested.

Be sure to scan in at club meetings to get your credit.

If one of the members of the club passed away, please let the leaders of the club know of the situation so we don't create uncomfortable situations may not having our records

### TPPC Club Buy/Sell/Trade

We now have a MeWe account for the club to help members sale, buy, or trade guns and accessories. You can also post comments as you desire. MeWe allows this avenue to us, where Facebook does not. Follow this link answer the 2 questions and you will be approved.

## NRA Armed Citizen from June 2024 Magazines

A bystander in Forth Worth, Texas, jumped into action, shooting and killing a dog after it and two other dogs attacked and bit a person and began going after other individuals in the area, according to local police. Officers arrived on the scene after the shooting around 11 a.m. on Feb. 7, after being called by the person who fired at one of the attacking dogs. The person bitten by the animal was not seriously injured, and Animal Control responded to the scene to enforce ordinances related to the other two animals. Police say the bystander who shot and killed the attacking dog will not be charged. (star-telegram.com, Fort Worth, Texas, 2/7/24)

AMERICAN OVERSEAS  
GUN EXPORTS](#)

The U.S. Commerce Department last Friday unveiled a new rule that aims to make last year's "temporary pause" on overseas gun exports a much more enduring roadblock.

The 130-page Interim Final Rule comes six months after the agency's 90-day halt in issuing any new export licenses for firearms, ammunition, and related items.

It brings with it a host of proposed changes to the policy for the legal exports of guns, ammo, and related components – including a "presumption of denial" standard for export application to at least 36 countries – as well as a reduction in the length of firearms export licenses from four years to one, and a carve-out of semi-auto firearms into a new export classification for additional scrutiny.

(Click the link above to read the full article)

Crunching the past 30 years of production, the total number of detachable magazines in the U.S. is pushing 10 figures – with the majority capable of holding over 10 rounds.

Using independent research and a direct survey of firearm and magazine manufacturers, combined with annual reports to the Bureau of Alcohol, Tobacco, Firearms and Explosives, the latest four-page report on the subject yields a figure of some 963,772,000 pistol and rifle magazines produced between 1990 and 2021. Of those, approximately 74 percent, or 717 million magazines, have a capacity of 11+ rounds.
