Trial Eligibility and ORTs

An ORT must be taken and passed at least 14 days before a trial opening date to be eligible for the first draw period.

Basic Description of the Test

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an “alert” within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes set up in a pattern of *one* or two rows, spaced a minimum of 48” apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW website.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: www.NACSW.net*

No dog will be given more than one space in the same odor test at a single event.

Results

During the odor re-sets, the official results sheet will be brought out to the parking area for testers to photo or review. We recommend you verify your results on the official results sheet and let your host or judge know if you have any questions regarding your results.

LOCATION DETAILS

Test Site Hours

Details regarding check in time and briefing will be sent approximately 1 week before the ORT.

Site Specific Conditions

This ORT test is at a dog training facility. The parking lot is gravel and the pathway to and from the parking lot to the test area may require you to navigate uneven terrain, including gravel and asphalt walkways. The flooring in the test area is rubber matting. Due to unforeseen conditions, such as weather or change in availability of areas at the location, the expected test area, parking, and/or pathways may be modified at the last minute.

Reactive Dog Parking

There will be reactive dog parking at this test for those who wish to park in this area, however the parking is tight and there will not be separate potty areas or warm up boxes. Due to unforeseen conditions, such as weather or change in availability of areas at the location, this policy may be modified at the last minute.

Unentered Dogs

Unentered dogs must remain in the competitor's vehicle during the test day. There will be ample potty areas, but unentered dogs should not be allowed to "play", exercise, or train on the test grounds.

RV Parking

There is space for RVs to park in the competitor parking area during the test day. No overnight RV parking is available. Due to unforeseen conditions, such as weather or change in availability of areas at the location, this policy may be modified at the last minute.

Running Vehicles or Generators in the parking lot

There is ample parking and we will not have a separate parking area for those wishing to run their vehicles or generators during the day. Due to unforeseen conditions, such as weather or change in availability of areas at the location, this policy may be modified at the last minute.

Dog Policies

- All dogs must be on a 6' leash at all times when not being tested. NO flexi-leashes while not participating in a test.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.

- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating testing space, interrupting a test, or from viewing any part of the testing.
- Competitors should expect to keep their dogs confined in a crate or vehicle when not testing and should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

Females in Season

Will be allowed to run wearing “pants” at the very end of the running orders after all other dogs have been judged.
