Canmore Nordic Centre Fat Bike Guidelines

Fat biking is not permitted on groomed cross-country ski trails except where crossings are necessary. Fat biking is permitted on a signed section of Centennial cross-country ski trail ONLY to provide access to our EKG East race loop. Stay to the left on this ski trail. DO NOT ride in the machine-made tracks. Fat bikers must yield to skiers at all ski trail crossings. Cross ski tracks at a perpendicular angle. Avoid mixing dirt riding with snow riding.

Only “fat bikes” (with tires measuring 3.7 inches wide or wider) are permitted. Bikes with regular mountain bike tires are not permitted, as narrow tires are more likely to leave deep ruts in groomed trails.

Where?

Canmore Nordic Centre Provincial Park is located just minutes from downtown Canmore, Alberta. The Canmore Nordic Centre offers World-class cross country skiing in the winter and over 100 km of trail ideally suited to mountain biking in the summer.
