Community Vision Survey

BOONE COUNTY ISIONE ISIONE BOONE ISIONE I

Boone County is in the process of updating its comprehensive plan. The first step in that process is establishing a community vision for the future. The following questions are designed to gather input from the public in order to develop that vision and lay the foundation for the rest of the plan. This survey will take no longer than 5 minutes to complete and all responses are anonymous and confidential.

The subject of the Boone County Comprehensive Plan is guiding the future of all unincorporated land within the county and County government functions. Other municipalities within the county will have comprehensive plans forthcoming.

We appreciate your time and participation in the Boone County Comprehensive Plan.
