The Youth Career Coach Inc. career readiness services that help students start, excel and navigate their careers.

The Youth Career Coach Inc. announced that their company is open for all youth and young adults, ages 13-35 in need of career guidance. In addition, they welcome any counselors, adults, mentors, parents and teachers who provide career services to youth to join in collaboration. The company offers many services virtual and in-person including: resume editing, career coaching, graduation speeches, career fair hosting, and education consulting. They aim to help all who want to identify their interests and improve their chances for having career success.

There's more! The company also provides career workshops for students who want to learn more about effective communication, personal branding, goal-setting, social media and leadership development. With industry changes daily The YCC Inc. encourages students and their supporters to reach out so they can learn how to write an effective resume, which will help to increase one's chances of being hired.

The other career workshops that The Youth Career Coach Inc. offers can provide students with a better understanding of the idea of networking, which is essential in the 21st century as most jobs are secured in this manner. Career workshops for college preparation, image/dress, elevator pitch, interview preparation and many others will be conducted also by the management and staff of The Youth Career Coach Inc.

The mission of The Youth Career Coach Inc. is to ensure that all students are self-aware and market-ready. Their mission is to provide a hope and a future for the next generation and to train students who will lead this nation into its' future.

Here's one of the testimonials from this excellent quality of career workshops, coaching and materials that this company can offer: "I just wanted to thank you for all your help with my resume and mock interview. I did a mock interview with you to prepare for my interviews with the Big 4 accounting firms' summer leadership programs. Not only did I get accepted in two of the programs, but I participated in both this summer and got two internship offers for next summer! Thanks for all the help!" This was written by Sarah M. who successfully completed her college degree.
