

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2017 Continuum of Care (CoC) Program Competition. For more information see FY 2017 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2017 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2016 Project Application will be imported into the FY 2017 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2016 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2017 CoC Program Competition NOFA.

Additional Information

Now that you have completed Part 1 of the application, please review Parts 2-7, which are in Read Only mode. Screen 3C, which is mandatory for all PH-PSH projects and screens 6D, 7A and 7B which are mandatory for all projects will be editable and must be answered prior to submission.

Once you are done reviewing, you will be guided to a "Submissions without Changes" screen. At this screen if you decide no edits or updates are required to any screens other than the mandatory questions for 3C and/or 6D,7A and 7B, you are allowed to submit the application without ever needing to edit the rest of the application. However, if you determine that changes need to be made to the application, we have given you the ability to open up individual screens for edit, instead of the entire application.

Once you select the screens you want to edit via checkboxes, you will click "Save", and those screens will be available for edit. An important reminder, once you make those selections and click "Save", you cannot uncheck those boxes. You are allowed to select additional boxes even after saving your initial selections. Again, you must click "Save" for those newly selected screens to be available for edit.

If your project is a First Time Renewal, your project will not be able to utilize the "Submit Without Changes" function. The Submissions Without Changes page will be automatically set to "Make Changes" and you will be required to input data into the application for all required fields relevant to the component type.

Okaloosa Walton Homeless Continuum of Care DBA Homelessness & Homelessness Alliance (HHA) has been the HMIS Lead since 2009 and manages client data from 20 Contributing Homeless Organizations (CHO) that provide homeless assistance in our area including ESG, CoC PSH, CoC RRH, PATH, and SSVF. HHA is also the Lead Agency and Collaborative Applicant for the Okaloosa Walton Homeless Continuum of Care and has maintained those designations since 2005. HHA is the Coordinating Entity for One Way Home, the local Coordinated Entry System, which relies on HMIS for functionality and client information security. HHA has utilized federal funding for ESG, CoC HMIS, CoC PSH, CoC RRH, HPRP, and HVRP and has maintained a sound fiscal and operating system over the last 10 years. HHA has established HMIS end user fees for HMIS set-up and additional HMIS user licenses if an agency exceeds the number of licenses issued. HHA provides homeless management information support for both HUD-funded and non-HUD funded CHOs among other federal, state, and privately funded projects. HHA does include a small portion of HMIS funding in ESG, Challenge Grant, and CoC funded projects to subsidize the costs of administering the system and encourages project applicants to do the same to cover their costs of licensing. Okaloosa and Walton Counties merged HMIS data systems with two regional CoCs, Escarosa Coalition, and Balance of State Alabama, to form PromisSE a regional HMIS data system in order to broaden our range of tracking services and is currently utilizing Bowman via Servicepoint. Merging the CoC HMIS system has reduced the costs of licensing for all the HMIS Leads in the partnership. Funds are used to purchase software licenses, personnel to facilitate and train other agencies to enter data and run data quality and client served reports appropriately and customize software packages to meet provider needs. Personnel also provide technical support and help to create APR, CAPER, AHAR, HIC, and other data reports; increase accuracy on Point in Time Count, and maintains all current versions of SPDAT and by-name list. HHA employs 1.0 FTE HMIS Administrator. The position is funded through HUD HMIS and provides technical support, report building, data quality, and trouble shooting, maintaining a Supportive Housing Registry, oversee PIT Count, increasing bed coverage, and be responsible for HMIS quality assurance and compliance with HUD regulations, data standards, and privacy policy. HMIS Policy and Procedure manual was updated to integrate with PromisSE. HHA has been successful in increasing efforts to improve data quality, increase number of end users, and emphasize the importance of data-driven results and data integrity by utilizing federal funds given the time and funding limitations by cost sharing with end users and applying for other funding to subsidize the federal funding received.
