

YummySnack

OUR STORY

- Fed up with watching her kids become chubby junk food addicts, YummyHealth™ founder, journalist, and mom Lisa Goldbaum searched for healthier options, only to find that most so-called “healthy” snacks contained as much sugar and processed starch as the regular commercial varieties.
- Lisa created YummySnacks™ that are delicious but low in the sugars and starches that wreak havoc on kids’ energy levels, moods and food cravings.

OUR PRODUCTS

Brownie

Chocolate

Peppermint

Coconut
