## Project Self Sufficiency Foundation HONORED AS 2015 TOP-RATED NONPROFIT

Huntington Beach, CA November 16, 2015 –Project Self Sufficiency Foundation announced today that it has been honored with a prestigious Top-Rated Award by GreatNonprofits, the leading provider of user reviews about nonprofit organizations.

“We are excited to be named a Top-Rated 2015 Nonprofit,” says Laura Syzdek, Chairperson, Project Self Sufficiency Foundation. “We are proud of our accomplishments this year, including a successful Wine, Cheese and Chocolate Please Fundraiser in April, a generous scholarship donation of \$50,000 from the Women’s Club of Huntington Beach and a record number of client achievements.”

The Top-Rated Nonprofit award was based on the large number of positive reviews that Project Self Sufficiency Foundation received – reviews written by volunteers, donors and clients. People posted their personal experience with the nonprofit. For example, one person wrote, “I have been volunteering with Project Self Sufficiency for several years now. I have seen first-hand how this program changes lives. In fact, it changes entire families by breaking the poverty cycle. Once empowered with an education you can change your life and the lives of your children.”

While the Top-Rated Awards run through the end of October, Project Self Sufficiency was part of the inaugural group to qualify for the year. In addition, they will be added to GreatNonprofits #GivingTuesday Guide—an interactive guide to top nonprofits throughout the years.

#GivingTuesday is designated as an end of the year opportunity to support your favorite nonprofit organization and falls on the Tuesday after Black Friday and Cyber Monday.

“Savvy donors want to see the impact of their donations more than ever,” said Perla Ni, CEO of GreatNonprofits, “People with direct experience with Project Self Sufficiency Foundation have voted that the organization is making a real difference.”

A local Huntington Beach organization, Project Self Sufficiency Foundation assists low income, single parents to achieve economic self sufficiency through education, training and personal development.
