Class Comments: *Most complete for age. Good growth. Opened fleece and not only did my eyes see it but my hand felt it. Beautiful. Fine. Consistent. High amplitude. Consistent from base of staple to tip and from front shoulder to hip.*

Championship Comments: *TREMENDOUS Brightness. Very soft. Consistent.*

You've got to witness the extreme brightness on this high frequency, deeply crimped and dense fleece which is consistent across the blanket, up into the neck and down the leg. His staple organization is simply amazing for a grey. And his handle - oh my goodness, is he soft!

Please stop by our stalls at the 2011 spring shows and see this top grey stud. He will get you that much more excited about the advancement of silver fleeces (he certainly has done so for us)!

Introductory breeding fee: \$1,500 for drive-by (\$2,000 for drop-off breedings). Tested fertile at 1 year 10 months of age. We are now covering a number of our top females with him.
