

## ERA OILFIELD SERVICE (THAILAND) CO LTD – TUBULAR RUNNING EQUIPMENT

ERA Oilfield Service (Thailand) Co Ltd are a privately owned provider of oilfield and mineral drilling, completion, production, intervention and well construction product lines and services formed in Thailand in 2013.

ERA have satisfied clients across SE Asia, MENA, Africa and South America. ERA provide high quality API tubular running and handling equipment sales, service, installation and training support.

ERA provide a range of manual, pneumatic and hydraulic running and handling solutions manufactured under API licence and ISO process certification to the highest required standards.

With long term partnerships from some of the worlds largest manufacturers we are able to provide technical and commercial benefits to all of our clients.

Our extensive knowledge of tubular running operations and equipment places us in a central position to provide you, our client, with expertise in advising and supplying your equipment and project needs.

### HANDLING EQUIPMENT

We provide only RT branded products since 2013. Fully API certified this brand is utilised by some of the industries biggest names and comes with technical and specification accuracy and commercial advantage.

### HYDRAULIC POWER UNITS

We provide the following brands TEDA, Rushi, SLD

We provide hydraulic power unit solutions across both diesel and electric.

Zone 2 hazardous rated solutions in diesel and hazardous zone rated explosion proof solutions in electric units.

Variable flow, variable pump sizes, variable start options, variable input voltage electrical units and varied designs according to your application and environment.

### HYDRAULIC POWER TONGS AND ROUGHNECKS

We provide a full range of hydraulic solutions across all sizes from conductor casing to macaroni pipe and iron roughnecks for drill pipe and collars. Our standard range suppliers are TEDA, JS Rushi, RT, SLD. Our recommendations are always based upon your project requirements and budget, our expertise in operations and our deep knowledge of the advantages and disadvantages of each brand.

### HYDRAULIC MAKE AND BREAK UNITS

We provide a full range of hydraulic make and break units from TEDA, Tianhe and SLD. Our recommendations are always based upon your project requirements and budget, our expertise in operations and our deep knowledge of the advantages and disadvantages of each brand. We provide sales, installation, training and after sales support.

Incorporates the NC-1 torque turn control and monitoring system.

### TORQUE TURN COMPUTER SYSTEMS

We provide the NC-1 branded torque turn computer system designed for Zone 1 hazardous locations and fully certified for explosion proof operational requirements and API specifications for rig floor based applications.

## ERA at work for your TRS project

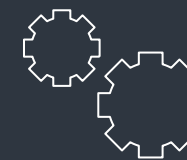

### CONNECTING OUR CUSTOMERS TO BEST-IN-CLASS SOLUTIONS

- Proven brand names
- Largest global suppliers
- ERA QAQC
- API certification
- ISO certification
- Premium Product Ranges
- ERA Experience
- TRS Project design
- Cost effective

Finding the right supplier and products, when you need them, at a price that meets your budget and performs to API requirements with the knowledge of full support, service and training is difficult.

We know the issues you will face in the TRS discipline and we provide the best value in the market, with the best personalized support to make your project work operationally and with your bottom line.

ERA understands TRS for over 30 years.

### CUSTOM SOLUTIONS

- Handling Equipment
- Running Equipment
- Hydraulic Solutions
- Installation Services
- Training Services
- Casing Running
- Completions Running
- Casing Drilling
- Intervention

### ERA SOLUTIONS

- MANUAL HANDLING TOOLS
- PNEUMATIC HANDLING TOOLS
- HYDRAULIC HANDLING TOOLS
- API CERTIFIED TOOLS
- AUDITED SUPPLIERS
- SALES AND SUPPORT
- INSTALL AND TRAINING
- PROJECT DESIGN AND SUPPLY
- FACTORY QAQC

## ERA solutions for your needs

### Manual Tool Solutions

- Slips, Elevators, Bowls, Bushings, Clamps
- Manual rig tongs
- FAC Tools, Stab Guides
- ERA Casing Alignment Guides (STABNRUN)

### Hydraulic Tool Solutions

- Power Tongs
- Power Units
- Hydraulic Make and break units (HMBU)
- Slips, Spiders, Elevators

### Pneumatic Tool Solutions

- Slips, Spiders, Elevators
- Quick Release Thread Protectors

### Specialized Tool Solutions

- Iron Roughnecks
- Non Marking Power Tongs (CRA)
- Non Marking Handling Equipment (CRA)
- Casing Running Tools (CWD)

### TECHNOLOGY, PRODUCT AND SUPPORT A TOTAL END TO END SOLUTION.

#### TRS Project Design

- Experienced in major project management
- Experienced in major project execution
- Conductor to completion
- Intervention projects
- Casing drilling experts

#### Installation and Commissioning

- Complex hydraulic systems require support
- ERA field installation service
- Electrical Hydraulic Control Systems Installation

#### Training for Field and Installation Support

- HMBU systems training
- TT systems training
- CRT field and workshop training

#### Casing Drilling Solutions

- CRT Tooling
- Expertise CWD all levels
- CWD handling tool packages
- CWD Remedial tool package design
