

SS-100 & SS-200 Wire Stitchers

Shark Finishing Machinery introduces the SS-100 & SS-200 stitchers. These electric stitchers are wire fed, table top models that are easy to use and compact in size. Foot pedal operation allows the operator free hands for more efficiency. These stitchers are the next generation in wire stitching with a unique heavy duty design. Their adjustable table allows the ability to easily stitch both flat or saddle. With the capability to stitch a minimum of 2 pages to a maximum of 1/4 inch thick at a binding speed of 6,000 to 9,000 per hour. Adjustable table guides have been added for accuracy. These machines are everything you could ask for in a wire stitcher.

- Maximum thickness 1/4 inch
- Electric
- Wire Spool
