

# Curiosity Club is a NEW themed enrichment program that is replacing the existing Lunch Bunch.

Students will bring and eat lunch in an immersive, creative learning and play environment. Topics include: "Global Explorer" (GE) to experience different countries, "STEM" (Science Technology Engineering and Math), "Local Heroes" and more!

Step by Step is very excited about this enriching development for our bright and curious kids! We hope that your child will join us for our extended day.

This program is open to all children ages 3 and up.

The curiosity club runs from the end of school until 2:15.

**3/01: Fit Kids, Gym Games! - 3/02: Little Readers, Dr. Seuss!**
