# Introduction

## A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

### Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

### Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

### The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

## General Information

This book is effective July 5, 2023, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit [www.HermanMiller.com](http://www.HermanMiller.com).

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

### 20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

# Work Chair, Suspension Back - Assembled

MI1B3

## Product Information

### Description

This chair has an upholstered seat with Duo suspension back. It has a 5-star base and 2 pneumatic height adjustment options. Chair comes standard with passive sacral support and is available with optional adjustable lumbar support with sacral support. Back frame, 5-star base, arms, arm pads and tilt controls are offered in black as standard with the option of mineral. A polished aluminum 5-star base is an option with either black or mineral frame finish configuration. Tilt options include semi-synchronous with tilt limiter, synchronous with tilt limiter, and synchronous with tilt limiter and seat angle. All tilts have the option of fixed seat or an adjustable seat depth with 2 3/4" range. The tilt limiter allows the user to set the tilt range to limit the amount of recline.

The synchronous with tilt limiter and seat angle allows the user to set the tilt range and select a 5° forward seat angle

Arm choices include no arms, fixed arms, height-adjustable arms with 4" vertical range, and fully adjustable arms that adjust 4" vertically, 2" front to back, and 1 1/4" horizontally.

### Notes

To order ready-to-assemble chair, order (MI2B3) separately.

Arms can be removed in the field.

For information on casters, see Casters and Glides in appendices.

Customer's Own Material (COM) on the seat requires 0.79 yards.

Customer's Own Leather (COL) on the seat requires 9.33 square feet.

See Order Information in appendices.

### Product Information

#### Description

This stool has an upholstered seat with Duo suspension back. It has a 5-star base and pneumatic height adjustment. Stool comes standard with passive sacral support and is available with optional adjustable lumbar support with sacral support. Back frame, 5-star base, arms, arm pads and tilt controls are offered in black as standard with the option of mineral. A polished aluminum 5-star base is an option with either black or mineral frame finish configuration.

Tilt options include height adjustable and synchronous with tilt limiter. Height adjustable option does not recline. The synchronous with tilt limiter option allows the user to set the tilt range to limit the amount of recline.

Arm choices include no arms, fixed arms, height-adjustable arms with 4" vertical range, and fully adjustable arms that adjust 4" vertically, 2" front to back, and 1 1/4" horizontally.

#### Notes

Arms can be removed in the field.

For information on casters, see Casters and Glides in appendices.

Customer's Own Material (COM) on the seat requires 0.79 yards.

Customer's Own Leather (COL) on the seat requires 9.33 square feet.

See Order Information in appendices.
