St. Clair Shores Waterfront Environmental Committee

2019/2020 Student Scholarship Application

Competitive awards of $500.00 scholarships for outstanding Class of 2020 senior high school students who either live in St. Clair Shores or attends high school in St. Clair Shores.

**Deadline for receipt of all application materials is 4:30 p.m., Monday, November 25, 2019 at the St. Clair Shores City Clerk’s office.**

**Funding for these scholarships are from:**
- State Representative Kevin Hertel
- Daniel Couvreur and Anthony Couvreur
- Lac Ste Claire Kiwanis Club
- St Clair Shores Lion’s Club

Please read all information and answer the requested questions. The recipients of the scholarship awards will be selected by the Waterfront Environmental Committee’s Scholarship Subcommittee. The scholarship money must go towards tuition at a 4 year university or 2 year degree program. Make copies of all your material and mail originals to:

**Waterfront Environmental Committee Scholarship**
27600 Jefferson Circle Drive  
St. Clair Shores, Michigan 48081

or you can drop them off at the St. Clair Shores City Clerk’s office. Additional copies of the Scholarship Application form can be downloaded from the city’s website or can be picked up at the St. Clair Shores City Clerk’s office. For more information, please call (586) 980-5844. This application can also be downloaded from our website at [www.scswec.org](http://www.scswec.org)

Application procedure – To be considered for the Scholarship, applicants should submit:

1) Completed application form including your typed, double spaced answers to at least 4 out of 6 of the questions about Lake St. Clair on separate sheets,
2) One letter of recommendation on letterhead from one of your current or past teachers or a recognized civic leader; and
3) Applicant involved in at least one of the St. Clair Shores Waterfront Environmental Committee’s projects (Nautical Coast Cleanup, Storm Drain Stenciling, 194 Cleanup, etc.).

After the basic qualifications for the scholarships have been met, the Selection Subcommittee will select the winners of the scholarships based on your answers to at least 4 out of 6 of the following questions!

1. What environmental problems threaten Lake St. Clair and why?

2. Explain the purpose of the catch basin/storm drain system and explain what impact the storm drain system has on the environment.

3. What should the city, county, state, and federal government do to improve the water quality in the Great Lakes and Lake St. Clair in particular?

4. What can you, as a private citizen, do to protect Lake St. Clair? Be specific.

5. What recommendations would you make to solve the problem of beach closures in St. Clair Shores?

6. What can the St. Clair Shores Waterfront Environmental Committee do to promote better citizen stewardship of Lake St. Clair?

**Bonus Question:** Explain the flow of water from Lake Huron to the Detroit River. Include how pollution enters Lake St. Clair and how it affects the Canadian and United States shorelines.
