Action item participants in CAPS.

Some items for discussion:

- Could additional colors be used for doors and shutters? ARC would not consider this right now. It was suggested that the ARC committee be

surveyed for appropriate colors (SUE KAGY), and then these colors be placed on the yearly survey (SUE KAGY). Only one color would be chosen by ARC.

- Mailbox repair on Mackinaw was discussed. It had been damaged by plowing and was repaired by the resident. It will need to be repainted to match the current paint color in the spring.
- 807 Pentwater: garden is owned by the resident but had previously been maintained by Briar Cove. This will be discussed with the owner and will be reviewed by DOLORES ZIMMERMAN.
- There had been information on vinyl mailboxes regarding costs. RALPH FLENS was not available for this meeting, but he has this quote. RALPH and RON SZIKORA will review it again as far as pricing and availability. There were units that would allow for the two mailboxes together at the time of the previous quote.
- SUE KAGY will send the street map to all.
- Bill Sliepka asked that Resource Management send copies of all ARC approvals to all members of ARC and also the Board.
