- 

*\*= % determined by the total value of the merchandise as stated on the original manufacturer's invoice. If minimum surcharge is greater than the % value charge, then the minimum charge will be applied. For very high value items, contact us for a custom quote. High duty % products are not included and additional charges may apply. Should customs request a search of the container, then search charges are billed extra and are split equally among all clients on the container.*

*Note: Crating/pallets from manufacturers must meet US standards for heat treating, etc. Items still in our US warehouse 2 weeks after arrival (due to non-payment (CLC or manufacturer COD) or no US shipping details provided) are subject to a warehousing charge or confiscation. Prices subject to change. Rates as of Jan 2017*
