

FarStar Becomes e-Ventus Business Partner

Friday, April 20, 2018

Montreal, Canada – April 2018 – **FarStar S.A.C. Consulting Inc.** (FarStar), a company that provides executive management support and supply chain solutions to the Canadian market, has signed a partnership agreement with e-Ventus Corporation of Cleveland, OH. FarStar is now an authorized reseller for the e-Ventus suite of supply chain solutions.

Founded in 2000, **e-Ventus Corporation** (www.e-ventus.com) is a lean supply and multi-ERP solutions firm. We help manufacturers and distributors achieve rapid results through lean business processes, agile strategy, and enterprise-wide technology solutions. Our award-winning eSP® Supplier Portal web-enables a global supply chain, providing it with visibility, velocity, and automation. It helps ensure that the right materials arrive at the right place at the right time. With over 200 world-wide clients ranging from \$35 million to over \$1 billion in annual sales, we help clients get lean, faster.

FarStar (www.farstarconsulting.com), founded in July of 2000, focuses on supply chain transformation as well as software products that improve supply chain performance and visibility. In addition to the e-Ventus solution offerings, FarStar can provide solutions for cargo tracking and condition monitoring, process monitoring, and Manufacturing Execution Systems, all of which are ERP (Enterprise Resources Planning) system independent. The company also provides executive support services, ERP selection and post-implementation review, Sales & Operations Planning process implementation, activity-based costing and customer profitability analyses.
