

To whom it may concern,

I am more than proud to recommend Tiffany's Tiny Tots Daycare as a Child Care Provider. Tiffany was our child care provider for several years and our son has nothing but the fondest memories of her. She took an active role in enhancing the children's education and making sure they got plenty of exercise.

We were also pleased to know that Tiffany was certified in CPR and first aid and had an Early Childhood Degree. We knew that our son would not only be safe with her but would also have fun learning and playing in her care.

As a parent, one can understand it is very difficult to place their first child in the hands of another person. Having visited multiple daycare facilities, we knew Tiffany's Tiny Tots Daycare was the place for our child after speaking with Tiffany about how her daycare was operated and watching the interaction among everyone.

Tiffany's Daycare provided all of the necessary need. My child came home often with "artwork" that allowed them to have letter and number recognition as well as having hands on experiences of teaching how to cut, paste, and color. They played outside or had music playing so they all danced inside for daily exercise. On top of educational aspects, Tiffany was the most nurturing person I had ever met. She is kind, giving, and very patient with all of the kids.

Tiffany is a compassionate, generous, and dedicated daycare provider. She always gave hugs and kisses to all of the children and never raised her voice. I always enjoyed dropping and picking up my child because she was so cheerful.

Overall, I highly recommend Tiffany's Tiny Tots Daycare. Tiffany is a beautiful person who operates a wonderful daycare.

Sincerely Yours,

Nicole Diehl
