

Dear Messiah Baptist Church Family and Community Friends,

Through your generous donations to the “Build Us Up, Lord!” Fund, the Messiah Baptist Church Trustee Board will be able to have the following done for the Messiah Baptist Church’s edifice:

- Heating/AC unit (Harris Fellowship Hall) – before Winter 2015
- New Fire Alarm system – now

Please know that your support is essential in providing these services to our congregation and neighbors.

The “Build Us Up, Lord” Fund \$\$\$\$ continue to grow; over \$1,300 has been donated to date in year 2015. If you have already made your gift to the “Build Us Up, Lord!” Fund, thank you so much for your support.

Through the generous donations of over \$51,000 from donors like you in year 2014 the following repairs were done to the church’s edifice:

- Finished the Basement floor.
- Re-Painted the Calvin Harris Fellowship Hall
- Placed new Carpeting in the 1st Floor Conference Room, 1st Floor entry way, and the Narthex.
- Repaired the church’s front door.
- Repaired heating system in basement in kitchen
- Drainage Improvements at rear entry door by sanctuary (stopped the rainwater from coming into the door area)

Thank you again for your continued generosity. God’s best to you and yours.

From the Messiah Trustee Board
